Meeting Minutes

MAY 2015

Our first meeting for 2015 was held at the flying field on May 20, 2015 at 7:00pm and called to order by President Ed Lopuski with 12 members present.

There was no treasurer's report or list of members presented.

It was noted that mice had nested in the mower again during the winter. A thank you was extended to Toni Rosetti for repairing the mower again and mowing the field. The club needs to find another storage place for next winter.

Bill Sherman will make a mowing schedule similar to last year and post it in the pin box which needs some maintenance. There was a discussion about switching to 2.4 GHz only. This issue will be addressed at the end of the year.

The field is in need of rolling and Ed agreed to schedule a roller.

Ed Lopuski mentioned last year that 2014 would be his last year as President.
